### Job Summary

To help maintain the physical school plant in a condition of operating excellence so that full educational use of it may be made at all times.

### Essential Duties and Responsibilities

- Assumes primary responsibility for the safe condition of electric elements in the facilities owned or operated by the district.
- Accurately estimates costs, order, and accounts for material and labor relative to assignments
- Maintains all safety and code requirements of the state, local, and Board guidelines.
- Examines district-owned facilities regularly for purposes of preventative maintenance relative to position assignments.
- Performs general maintenance works and repairs inside and outside the physical plant, such as electrical, plumbing, carpentry, concrete, ceiling, roof, masonry, glazing, insulation, tile, pump, fan, door hardware, and floor machine.
- Provides district-wide grounds maintenance work such as snow plowing, shoveling, and salting.
- Recommends supplies and equipment for purchase and maintains the inventory of district-owned hand tools, equipment, hardware, materials, and supplies.
- Delivers equipment and supplies.
- On call as needed at any time for emergency repairs, equipment monitoring, overtime, or special needs falling outside of normal working hours.
- Other duties as assigned by the Superintendent or his/her designee.

### Education and Experience

- High school diploma or general education degree (GED), Five years as a licensed Journeyman Electrician. A Master Electrician license is preferred but not required.
