

## About Our Community

Regional School District #10 consists of the Towns of Burlington and Harwinton with a total population of 14,400. Located geographically in both Hartford and Litchfield Counties, the communities are attractive suburban/rural settings. Residential areas are scattered among large pockets of land designated as protected open space for watersheds serving as resources for surrounding towns.

## About Our Schools

Region 10 Public Schools are committed to excellence in student achievement and the development of the whole child in a safe, supportive, and positive school environment. Community support from both towns is strong, and parental involvement is encouraged and welcomed. High expectations have been established in academics, athletics, and the arts for all students at the elementary, middle, and high school levels. Region 10 students regularly receive recognition and awards for scholastic achievement, community service, and accomplishments in the Fine Arts, athletics, and other activities.
